

DJC CONSULTING, COACHING & TRAINING, LLC.

CAPABILITY STATEMENT

Executive Summary

Firm Overview:

Since 1998, DJC Consulting, Coaching, and Training LLC (originally JET Field Services) has been a beacon of transformation in the consulting arena. Rebranded in 2017 and led by Dr. Jolene Church, our Federally Certified Small Business and SBA Certified Women-Owned Business specializes in executive leadership, team coaching, and bespoke training solutions. With a rich history of working with Wall Street-owned portfolios, DJC has evolved to focus on optimizing business outcomes, leveraging Dr. Church's extensive experience in Organizational Leadership and MBA program development.

Core Competencies

- Executive Leadership and Team Coaching: Expertise in enhancing leadership capabilities and team dynamics.

- Change Management and Business Turnaround: Proven track record in guiding organizations through significant transformations.

- Customized Training Development: Creating tailored professional development and training programs based on organizational needs.

- Government Sector Specialization: Nearly two decades of experience working with government sectors, offering unique insights and tailored solutions.

Commitment to Government Entities

DJC is dedicated to serving state, local, and federal entities, as well as special districts. Our services aim to optimize the impact of government leaders and teams in serving others and enhancing operational effectiveness. We specialize in helping these leaders and team members realize their full potential for maximum impact.

How We Differ

DJC stands apart with its holistic approach to business transformation, combining individual growth with team dynamics. Our dual focus encompasses 1:1 executive coaching and group/team coaching programs, all designed to foster collaborative success and organizational effectiveness. Dr. Church's background ensures our solutions are innovative, practical, and strategically sound. We don't just consult; we transform.

Experience and Recognition

Curriculum Development: Experience in developing training curriculum for government agencies and post-graduate organizational leadership curriculum for universities.

Leadership Roles: A history of executive leadership positions in local government and the private sector.

Teaching Experience: Extensive experience as a university professor and training facilitator for private and public sector organizations.
