

Watch Us Rise!

Women's Leadership Training Series

OUR WHY

When the federal government eliminated Women in Leadership training programs, we refused to be silenced. Instead, we launched a movement. If we create free, accessible leadership training for women and build a strong network of support, then more women will have the knowledge, confidence, and opportunities to step into leadership roles, because leadership isn't about privilege—it's about potential. And when women rise, organizations, communities, and economies thrive. We are committed to ensuring that all women, regardless of industry or background, have access to the leadership development they deserve.

WHAT WE OFFER -100% FREE

We have created a 12-part free leadership training series, available to all women who seek to develop their leadership skills, overcome barriers, and rise to their full potential. These sessions will be available online and feature insights from accomplished leaders and experts.

12 TRAININGS:

1. Landscape of Women in Leadership: Breaking Barriers
2. Understanding Bias and How to Overcome It
3. Emotional Intelligence: The Key to Leadership Success
4. Communicating with Authority and Influence
5. Confidence and Overcoming Imposter Syndrome
6. Executive Presence: Owning the Room
7. Building Your Personal Brand as a Leader
8. Self-Advocacy: Asking for What You Deserve
9. Strategic Networking: Creating Opportunities
10. Leading with Resilience: Overcoming Setbacks
11. The Future of Women in Leadership
12. Your Leadership Development Plan

OUR MOVEMENT. OUR IMPACT.

This initiative has already sparked global momentum, with over 100K+ views on our initial announcement. Now, we are turning that energy into action. The first training launches on March 28th, and we are building a wave of leadership transformation.

Be part of the change. Let's rise together.

Additionally, a free DEI 101 training is already available on YouTube. All of our training materials are available for any training practitioner or HR professional who would like to deliver these sessions in their own organizations. Simply email us at drjolene@drjolenechurch.com, and we'll provide the resources at no cost.

In addition to these trainings, we have built the Women's Leadership Support Network on LinkedIn, providing mentorship, collaboration, and shared wisdom to ensure no woman has to rise alone.

JOIN US & HELP SPREAD THE WORD

We are seeking leaders, influencers, and organizations to support this movement. Whether by sharing our message, joining as a case study participant, or helping to sponsor in-person trainings, your involvement will help empower women worldwide.

Interested in bringing this training to your organization? Let's talk! We are offering FREE in-person training to organizations that align with our mission.
